Summary

Currently a 4th year honors student in information technology at York University & Code Ninjas tutoring students on how to program and make software applications. My goal is to become an IT developer that has worked on projects using Java an object-oriented programming language, PHP, SQL, HTML, CSS (Bootstrap), JavaScript (JSON, JQUERY, AJAX), SQL(MySQL) for testing, implementing, and designed web pages, websites, and applications. I have personal experience in system administration and designing/testing web IT systems.

WORK EXPERIENCE & RELATED EXPERIENCE

Coding Instructor & Curriculum Developer | June 2021 – Present.

Code Ninjas, Richmond Hill, Ontario

- In-person and virtually develop video games and teach ninjas how to make games, videos, and small robots.
- Teach how to make JavaScript games, Roblox games and Unity (C#) games.

Academic Peer Support Assistant | May 2020 – Present.

York University, Vaughan, Ontario

- Facilitate study session for students by analyzing, design, develop and test java programs.
- Students who took part of my study sessions do a whole grade letter better in the course.

Ride Operator | March 2018 – November 2019.

Canada Wonderland, Vaughan, Ontario

- Participated in teams of more than ten and communicate with other associates to operate rides.
- We would follow best practices to meet ride performance goals and safety audits.

Web Developer | Volunteer | Indigenous Friends | Oct 2021 – Present

- Designing, developing, and deploying an AI Virtual Chat Bot using IBM Watson Assistant.

Personal and Academic Projects

Portfolio Website Project

Developed a website portfolio at <https://zenonzeni.ca>.

Web Camping Spot Reservation System (Till December 1st, 2021)

Developed a web-based information system at <http://140.238.158.113/>.

EDUCATION

Honors Bachelor Information Technology | 2018– 2022 | GPA: 3.3

York University, Vaughan, Ontario
