Summary

Currently a 4th year honors student in information technology at York University & Tutoring at Code Ninjas on how to program and make software applications. My goal is to become an IT developer that has worked on projects using Java an object-oriented programming language, PHP, SQL, HTML, CSS (Bootstrap), JavaScript (JSON, JQUERY, AJAX), SQL (MySQL, Oracle) for testing, implementing, and designed web pages, websites, and applications. I have personal experience in system administration and designing/testing web IT systems.

WORK EXPERIENCE & RELATED EXPERIENCE

Coding Instructor & Curriculum Developer| June 2021 – Present
| 1 Year | Code Ninjas, Vogel Richmond Hill, Ontario
- In-person and virtually develop video games and teach ninjas how to make games, videos, robots.
- Teach how to make JavaScript games, Roblox games and Unity (C#) games.

Academic Peer Support Assistant| May 2020 – April
2022 | 2 Years | York University, Vaughan, Ontario
- Facilitate study session for students by analyzing, design, develop and test java programs.
- Students who took part of my study sessions do a whole grade letter better in the course.

Ride Operator| March 2018 – November 2019
| 2 Years | Canada Wonderland, Vaughan, Ontario
- Participated in teams of more than ten and communicate with other associates to operate rides.
- We would follow best practices to meet ride performance goals and safety audits.

Web Developer | Volunteer | Indigenous Friends | Oct 2021 – Present
- Designing, developing, and deploying an AI Virtual Chat Bot using IBM Watson Assistant.

Personal and Academic Projects

Portfolio Website Project
Developed a website portfolio at https://zenonzeni.ca.

Web Camping Spot Reservation System (Prototype)
Developed a web-based information system at http://132.145.111.100/.
